SPACE NEEDLE

Take a ride to the top of the Space Needle, built for the 1962 World's Fair, for a panoramic view of the "Emerald City" and its spectacular natural surroundings.

seattle

The "Emerald City" has a legacy of vision and strength. Known for its rainy climate, Seattle actually averages less annual rainfall than many East Coast cities. Spectacular natural surroundings like Puget Sound and the Olympic Mountains, plus convenient weekend departures, make Seattle a great place to start or end your Alaska cruise.

glaciers on your cruise

WHAT YOU'LL SEE

Park Rangers will join the ship to help you identify the scenery and wildlife, including humpback whales, sea otters, porpoises, harbor seals, black bears, mountain goats, bald eagles and seabirds.

glacier bay national park

Princess takes more guests to Glacier Bay than any other cruise line, and this breathtaking national park and preserve boasts some of the world's most spectacular tidewater glaciers, such as Margerie Glacier and Johns Hopkins Glacier. Not surprisingly, Glacier Bay National Park and its epic ice giants are designated a UNESCO World Heritage Site comprising Alaska's magnificent park system.

Princess Cruises is an authorized concessioner of Glacier Bay National Park.

WHAT YOU'LL SEE

As you glide through the pristine fjord, you'll first pass by a lush forest where a number of beautiful waterfalls cascade down, and then you'll be treated to views of blue-tinged glaciers.

tracy arm fjord

Breathtaking Tracy Arm Fjord extends over 30 miles long, with nearly a quarter of its area covered in ice. In fact, it encompasses some of Alaska's largest glaciers, including the twin Sawyer Glaciers. You'll sail past snowcapped mountains and through steep granite canyon walls.

hubbard glacier

The largest tidewater glacier in North America, Hubbard Glacier's immense beauty and phenomenal blue hues are enchanting, even from afar. But it's when your cruise ship draws closer that its towering surface really impresses, dwarfing even the uppermost deck on your ship.

WHAT YOU'LL SEE

Renowned for its wildlife, you'll see whales, harbor seals and otters swim; and a wide variety of seabirds soar gracefully across the sky.

college fjord

Discovered in the northwest corner of Prince William Sound during the 1899 Harriman expedition, spectacular College Fjord and its glaciers were named after prestigious East Coast schools by the college professors who first laid eyes upon their majesty. Stretching for miles, these massive rivers of ice edge down from mountains and through valleys, dipping into the pristine waters of the fjord.

WHAT YOU'LL SEE

Watch the awe-inspiring process of glaciers calving, or dropping, enormous pillars of ice into the sea, as they crack and land with a thunderous splash.

choose your cruise voyage of the glaciers

On our top-rated Voyage of the Glaciers cruise, it's all about the ice — glaciers, some of nature's greatest spectacles. And you'll see these colossal frozen rivers in all their thundering, calving glory at beautiful Glacier Bay National Park — a UNESCO World Heritage Site — and either College Fjord or Hubbard Glacier — and either College Fjord or Hubbard Glacier.

Sail between Vancouver, B.C., Canada, and Anchorage (Whittier), Alaska

YOU'LL ENJOY:

- Glacier Bay National Park — named one of the 7 Cruise Wonders of the World by *Condé Nast Traveler*.
- A second glacier-viewing experience among the 16 glaciers at College Fjord, or Hubbard Glacier — the longest tidewater glacier in Alaska.
- Sail over 500 miles farther north across the Gulf of Alaska and into Prince William Sound.
- Visit Gold Rush-era towns as you cruise the Inside Passage.

All port times may vary.

OCEAN MEDALLION™

In advance of your Medallion Class cruise, you'll be shipped your own complimentary personalized medallion, a quarter-sized disc that you carry throughout your cruise. You can customize your Medallion with a choice of colors, and it will also be laser-etched with your name, ship and sail date. Carry or wear it the way that best suits you — wristband, pendant, clip, keychain or just in your pocket. While it looks like an accessory, it's linked to Ocean Compass to create an effortless vacation that allows us to anticipate all your needs ahead of time.

OCEAN COMPASS

Think of Ocean Compass as your personal concierge, a guide that you can access anywhere on your ship. Harnessing the power of your Ocean Medallion, it uses your supplied preferences to provide everything you need at that moment, like suggestions for activities and directions to them, along with invitations and reservations for the future. Using Ocean Compass is not mandatory to have an amazing vacation. But the more you engage with it, the more you'll see the exciting and unexpected opportunities on your cruise — and it remembers your preferences for your next cruise!
